

RVVR Orbe Del Luno (AQHA) 2009 Buttermilk Dun Stallion

Ranch Horse: stout and quiet

Luno is a stout colt, tremendously muscled that is suited for the toughest ranch work. He can go all day checking fences or cattle and looking good doing it. He is not tremendously fast but reliable and steady. He will be powerful enough to pull logs. This little giant is as level headed as they come.

He has a good, strong neck, a nice top line and lots of power at the rear end! Luno has plenty of bone, good feet, is a Foundation Quarter Horse and is built like the old days Foundation Quarter Horses were!

His full brother (2007) is broke to ride and just one great ranch horse to have around! He is a reliable, gentle giant that can be ridden bareback through the bush. His full brother (2008), a bay gelding, is just as stout, well built and level headed as his brothers!

RVVR Rama Ranchero - 3 years old (full brother)

RVVR Sir Oddy - 2 years old (full brother)

Luno is foundation bred with Ka Cee Smoker on top, an own son of Mills Dark Smoke that sired many show winners and excellent working ranch horses. Smoker's full brother was IBHA World Reserve Champion Stallion! He has Red McCue by Joe Reed on the bottom of his papers. He has a truly awesome Foundation Pedigree! Half siblings out of his dam won money with the NCHA and are well known as good Team Penning Horses!

Ka Cee Smoker 2002

bay

SI 75

Tobin's Squaw 1954
palomino

Luno is a ranch horse prospect that sure can excel at roping events! As a stallion he will pass on this unique level headed personality that his dam puts on all her foals as well as his stout, correct conformation and his unique color. He has very strong dun markings and will do well at color shows! Luno can pass on the dun and the cream gene making him an awesome prospect to put some color in your herd. He can sire anything from palominos, dunalinos and red duns to buckskins and buttermilk duns and even silver grullos – just to name a few! Luno would also make a stunning gelding!
